

CENTRAL ILLINOIS PARKINSON SUPPORT GROUP

Blessed are those who can laugh at themselves....

Web site: www.cipdsupportgroup.org

They shall never cease to be entertained.

DATE: June 3, 2023

TIME: 1:30PM

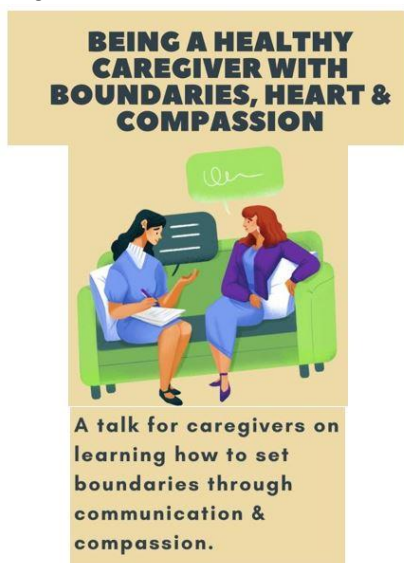

Program: Taylor Hammes, from Bradley University.

Being a Healthy Caregiver with Boundaries, Heart, and Compassion.

5114 N Glen Park Place Rd

Peoria, IL 61614

This month's program will be given by Taylor Hammes from Bradley University Counseling Research and Training Clinic. This is a very good program for the Caregivers, but everyone will take something away from it that will help in their everyday lives.

Last month we had a good presentation on Deep Brain Stimulation presented by Dana Tucker of Medtronic. [Remember this number **29**] We had a great question and answer session with her and I'm sure everyone left with a little more knowledge of DBS. If you still have questions, feel free to contact her at dana.tucker@medtronic.com

Below you will see information on this year's PD Camp and as you can see the location has changed. While the change was due to unforeseeable issues at the last location, we believe this location will be a far better place for us to hold Camp. This is a new facility that is much more accessible than our previous location. Everything is in one building. The rooms our hotel quality and refreshments will be available during the day. However, with this facility we will have a considerable cost increase, The Central Illinois Parkinson's Support Group is committed to holding down the cost and begin able to provide grants to those that may need them to attend.
